

A *trullo* (plural, *trulli*) is a traditional, Apulian dry stone hut with a conical roof. Their style of construction is specific to the Italian region of Apulia. They are traditionally made with pure stone, without cement or mortar.

These housed one family each, Francesco's being one of them! His family home is made up of several Trulli, as you can see pictured on our wall. Our wood fire pizza oven is styled after this particular shape.

We hope that you enjoy our 'true'
